

# British Academy Scotland Awards

## Video Specifications

The BAFTA Awards Entry site aims to provide the best possible viewing experience for your content. In order to achieve this, we request that you provide a high quality version of your file. Please use the preferred specification (below) where possible, however if your original best quality video is in another format, we would prefer to receive it with minimum encoding to preserve quality.

Contact [awards@bafta.org](mailto:awards@bafta.org) with any questions.

	Specification
<b>File format</b>	.mp4 / .mov
<b>Audio codec</b>	Stereo audio (one audio stream with two channels L and R)
<b>Bit rate</b>	15 – 20 mbps (or as high as possible)
<b>Aspect ratio</b>	16:9 (i.e. Full HD: 1920x1080)
<b>File size</b>	Up to 10GB

It is the entrant's responsibility to make sure the file is created in the correct format, check the video once it has transcoded, and confirm that the video associations are correct. Entrants are advised to begin the video upload process promptly. BAFTA accepts no responsibility for a file created to the wrong specification being published.
